Description

Father, Bernard loves making delicious food, especially cheese. He's very proud of his homemade cheese collection and loves to cook yummy meals for his family and friends. Mother, Bianca is very quick-witted. She keeps everything running smoothly at home, and often has to help Bernard out! She's also good at taking care of her energetic children, and is someone they can rely on. She loves to make food with Bernard, and her original recipes are very popular among the other mothers. Brother, Christopher has a great memory, although he's not so good at math. He's very precise and a hard worker! His one bad habit is that once he starts talking, he can't stop! Sometimes his sister gets annoyed about that, but they always work things out in the end. Sister, Katherine is very good at math but she's a bit forgetful. She's always saying ""Oh, I forgot about that!"" But she's not too worried - her brother remembers everything, so she can always ask him! She's a hard worker too, and likes keeping the triplets happy.

Description

Father Lucas is a dancer who's the talk of the town. He's worried about keeping in shape, so he drinks an original homemade smoothie every morning. He often checks himself out whenever he sees his reflection or in places with mirrors, and he often makes the family late. He likes gossiping about current trends with the ladies around town. Mother, Dawn knows a lot about the constellations, and won't stop talking about them once you get her started. Her children have also started to learn, and they ask her many questions, so she studies star charts at night. Sister Lyre likes tinkering with machines, and is very interested in the piano and other musical instruments that her father dances to. She's currently fascinated by how the elevator in their home works. She's usually quiet, but talks a lot when she's with her twin sister. Sister Skye likes the natural sciences, like studying about weather and minerals, and her dream is to be a researcher someday. Each day she makes note of the sky, and checks the weathervane on their house so she can tell the family her weather forecast. The thing she wants the most right now is a lab coat.

Her voice is so beautiful that when she sings, everyone stops talking just to hear her! Heloise also enjoys cooking with ingredients from the forest. She is famous for her mushroom pie! Father runs the Calico Village Post Office and makes sure everyone gets their mail from all their friends and family. He also plays the drums in the family's band, and he loves creating new beats and sounds. He would play the drums all night if Mother Heloise wouldn't remind him to go to bed! Brother loves playing the piano in the family's band. He often composes music with cool riffs and amazing chords. He especially likes playing pop or jazz music. If he isn't playing his piano, you will find him in the great outdoors. Fishing, climbing and running are his favorite pastimes. Sister plays the recorder and tambourine in the family's band. She's a great entertainer and dances around the stage in the middle of their performances. Haley also likes playing outside with her brother and collects the leaves, stones and acorns that she finds in the woods.

Description

Mother, Barbara is the real expert on fruit trees of every kind. Her busiest times are late fall and early spring when she is in the orchard all day, pruning and re-shaping all the trees and checking for any problems. When the trees start blooming in the spring, she loves to take long walks along the orchard path every evening. Father, Danny is in charge of the orchards in Calico Village, keeping the grass short and the place tidy. He is very proud of his Calico Red apples and Peachy Perfect peaches. After the day's work is done, he likes to relax on the couch with a glass of freshly-squeezed fruit juice. Sister, Lona is very serious and a little shy. But she's not shy around her baby brother and sisters! She takes very good care of them—she reads them lots of picture books, draws pictures for them and helps them when it's nap time. Brother, Winton is a gentle, calm, laid-back type. He knows a lot and does very well at school. He's great at ballet, but he's shy so he usually only lets Lona see him dancing. He wants to be a ballet dancer when he grows up, so he practices as hard as he can.

Mother, Avril knows how to put her mind to something, and she's very good with her hands. She's an engineer who builds the cars Vincent designs. She has a wonderful workshop, where she carefully builds every car so that it's just right to drive and ride in. Avril doesn't like the cold, so she always wears a soft, warm cape in winter. Father, Vincent is a car designer and he's very good at it. He's always coming up with cool ideas that everyone loves. He even designed sleds and bikes for the children. He's good friends with John Hazelnut Chipmunk, who's an inventor. Girl triplet, Rae is always cheerful and hardly ever cries. Boy triplet, Drake gets scared easily. He feels very nervous when he rides in the front of the sled. Girl triplet, Nelly always on the go. Everything she sees is exciting to her. If there's a noise while she's sleeping, she wakes up right away to see what's going on.

Description

Mother, Olive is calm and gentle. She loves cream puffs full of custard, because the custard is yellow like her! Cream puffs are her special snack and she doesn't like to share them, so she keeps them up high where the children can't see them and eats them when the children aren't looking. But the children always see the custard around her mouth and say "Can we have some?". Father, Egbert is a calm, gentle soul. He often forgets how tall he is and bumps his head on things. He likes old things and takes good care of them—he has lots and lots of vintage tools. Baby Sister, Brie loves to look into the distance with the binoculars her father gave her. She loves to sit all the way up on her mother's head so that she can see even further. When her brother, who's a year older than her, takes photos, she puts them in a diary and writes about them. Baby Brother, Bran loves to take photos with the camera his father gave him. He wants to grow up big and tall like his father, so that he can see far off in the distance and take wonderful photos from up high.

Description

Father Jolly delivers things all around Calico Village. Whether it's presents or food, heavy things or even a lost child or two, no job is too difficult for Jolly! But he's a bit forgetful, so sometimes he delivers things to the wrong place! Mother Elm works together with Jolly on deliveries. She's even stronger than Jolly! She's good at coming up with ideas—when there's a difficult delivery, it's Elm who has the answer! Brother Luis loves Christmas—he wears his Santa hat all year round, and always asks "How many days is it until Christmas?" He wants to help his mum and dad with their work, so he puts things on the sled and pretends it's a delivery van. Sister Eve loves Christmas decorations. She's always saying "Can I put this on one of the trees?" The trees around the Reindeer family's house are full of the oddest decorations.

Description

Clint the Snuggly Sloth father is happy with a slow pace in life. He's great at fixing things. He never rushes—when something is broken, he takes the time to mend it properly so it won't break again. The villagers know that nobody will do a better job than Clint! Candice the Snuggly Sloth mother has a very big heart. Little things never bother Candice. Even when the twins get into mischief or spill their food, she's still as happy as can be. But when something really matters, she knows how to put her foot down! Natasha, the Snuggly Sloth twin sister, loves cuddles. She's always going to her mother and father for a hug. Apples are her favorite food in the world—when she sees one, nothing can keep her away! Nathan, the Snuggly Sloth twin brother, is the nimblest member of the family. Put him on a chair or the sofa, look away for one moment and when you look back he'll be somewhere completely different.

Description

Introducing the Shiba Dog Family! These canine cuties are well known for their black and brown fur and their big, round eyebrow markings. The Shiba Dog parents, Kent and Anna, spend hours silently working away in their garden. With flowers and trees at every turn, and a lush green lawn, all that work is really paying off! As for the four children, they love to run around in the garden, or just lay down on the grass and bask in the sunshine. The eldest's name is Eight, followed by his sister Nana, and the baby twins, Maru and Momo. The Shiba Dog family are as close as can be. Whether they're eating, taking a nap, studying or playing, they all love to spend time in the garden together.

Description

New Calico Critters are ready to paint the town red! Introducing the older brothers from the Persian Cat, Striped Cat and Labrador families. Fredy the Persian Cat older brother is a serious type who loves to think about the world. He makes sure he reads a book or writes an essay every day. His favourite thing is a brooch his little sisters gave him for his birthday. Fredy is a tutor—when children find something difficult to learn at school, he helps them after school and they understand it right away. Victor the Striped Cat older brother is very prim and proper and hates losing, but he can be a bit clumsy sometimes. He spends a lot of time at the town café with the other older brothers. He loves coffee and is studying to be a barista. Liam the Yellow Labrador older brother is as well-spoken as a prince, and has a kind word for everyone. He plays the cello so well that all the people in the town love to listen it. He likes things that smell nice, so he makes perfume and cologne and sells them in town.
